

A Tefen Webinar:

Make the First Move: Strategies for Supplier Risk

A supplier's error may result in a disruption in production, late product deliveries to your clients, or worse, a product malfunction resulting in injury, lawsuit, or even FDA intervention. However, action can be taken to reduce the probability of these events.

Join Tefen for this informative webinar to discuss a systematic approach to identifying and mitigating supplier risk using our proven methodologies and experience.

Areas to be discussed will include:

- What are the internal and external risk factors
- Processes and techniques to identify Supplier Risk
- How to create a mitigation plan that will allow you to become Best in Class supply chain leaders
